## Recker, Harry Thomas

Harry Thomas Recker, age 62, passed away from complications due to colon cancer on Tuesday, June 17, 2008. Born and raised in Appleton, Harry moved to Florida in 2003, and semi-retired to Brandon, Florida, a Tampa suburb, in 2007. The son of the late Robert and Winnifered Recker of Appleton, Harry was a beloved son, brother, husband, father, grandfather and friend/family member to many. Upon his passing, Harry was a resident of the LifePath Hospice House in Sun City Center, Florida.

In lieu of flowers, it was his request that donations be made to that hospice house, which provided him with excellent care and gave him immeasurable peace in his final days. Harry will be cremated in Florida, and requested that a memorial service be held in Appleton later this summer. Details regarding his memorial service in Appleton will be announced in this publication as soon as arrangements are finalized.

Harry was a vibrant man who lived life to the fullest, and he passed with the same dignity and strength with which he lived his life, making those who love him so very proud to have had him in their lives. He made the world a better place. Bon Voyage, Harry!
